

Dear Congressman Eliot Engel, Senator Jeffrey Klein, Assemblyman Jeffrey Dinowitz, Borough President Ruben Diaz, Jr., Councilman Andrew Cohen:

I STRONGLY SUPPORT AN ALL WATERFRONT GREENWAY ALONG THE HUDSON RIVER!

The Hudson River is the greatest natural feature of the Northwest Bronx and Riverdale. For 150 years, Bronx residents have been separated from the River. A thoughtfully designed Greenway along the Riverdale shoreline can change that by creating two miles of waterfront access for runners, walkers, people with disabilities, cyclists and others.

I strongly support the construction of a continuous waterfront Greenway and I call upon you, our local elected officials, to secure funds to conduct feasibility studies, introduce legislation, apply pressure to the Governor and the MTA, and undertake any other efforts to make the Greenway happen.

The time has come to ...

BUILD IT NOW!

Sincerely,

Signature
